

ACTIVE WILDFIRES

10 May 2021

The CIFFC National Preparedness Level remains at **Level 1**No large wildland fire activity and most Agencies
have low wildland fire hazard statusReported active fire locations are updated daily as provided by fire
management agencies (provinces, territories and Parks Canada).
The fires data is managed through a national Data Integration Project (DIP)
coordinated by the Canadian Interagency Forest Fire Centre (CIFFC) and
Natural Resources Canada with participation from all partner agencies.
